Annual Ornament 2022

Inge's Christmas Decor presents the Annual Ornament 2022

Neustadt bei Coburg, 25 March 2022

Every year, Inge's Christmas Decor presents the ornament of the year from the product line INGE-GLAS® MANUFAKTUR - hand-blown and hand-painted manufactory Christmas ornaments. This ornament is created with special care and time, the development extends over many weeks. In numerous passes, decisions are made about shape, color and decoration. Several samples are worked out until the finished ornament is the result. Each annual ornament is produced for only one year and is marked with the respective year of production. The contingent is therefore limited. The gift boxed annual ornament is collected gladly, so that the personal collection of tree ornaments is supplemented each year by a very special glass ornament.

Ornament of the year 2022 is ...

... our guardian of Christmas. Cautious and yet full of strength he carries the heart of Christmas in his hands. He looks proud in his uniform as he protects the feast of love. His sincere gaze is friendly and warm. The Nutcracker gives his protégé, the Christmas, security, safety and childlike cheerfulness. He wants to remind us how important it is to stand up for each other. No matter the gesture how big or small, as long as they come from the heart. We dedicate our Annual Ornament 2022 to all those who give appreciation, closeness and love to their fellow humankind – it is for all guardians of Christmas.
