## Annual Ornament 2023

Inge's Christmas Decor presents the Annual Ornament 2023

Neustadt bei Coburg, 01 February 2023

Every year, Inge's Christmas Decor presents the ornament of the year from the product line **INGE-GLAS® MANUFAKTUR** - hand-blown and hand-painted manufactory Christmas ornaments. This ornament is created with special care and time, the development extends over many months. In numerous passes, decisions are made about shape, colour and decoration. Several samples are worked out and evaluated before the ornament is in its finished form. Each annual ornament is produced for only one year and is marked with the respective year of production. Therefore, the contingent is limited. The gift boxed annual ornament is collected gladly, so that the personal collection of tree ornaments is supplemented with a very special glass ornament every year.

Ornament of the year 2023 is ...

... our sweet gingerbread man with icing and his heart in the right place. At the sight of him, we reminisce about our childhood, how we baked the first gingerbread together with grandma. We can hear the old Christmas carols and smell the delicious scent of gingerbread spices. With a smile we remember how grandma benevolently warns us not to eat too much of the dough. With his friendly face, the gingerbread man gives us back a piece of childlike cheerfulness and light-heartedness and makes us think about the few things in life that are needed to be happy – health, love, sincerity – and thus sweetens our Christmas.
